For Comfort and Durability  
There Is No Better Corset Than  
The Rengo Belt

\$2 and \$3  
The reason that underlies the goring and boning of a corset is not apparent to the wearer. Outside of the difference in material, trimmings and hose supporters, all corsets look pretty much alike.

But there is a very vital reason for all this in corset construction; otherwise corset making would not be the science it is today—evidenced by the fact that the corset designer can and does absolutely change the physical appearance of a woman's figure. It is not possible to explain all the intricacies of RENG0 BELT CORSET construction and the reason thereof, but the fact that this corset is decidedly out of the ordinary is plainly evident by
